

NOMADIC WATERS

2022/2023 Expedition Checklist Overview

We offer some of the best trip preparation in the business (www.nomadicwaters.com/trip-preparation). All confirmed Nomadic Waters Guests will receive a very detailed Trip Preparation packet which covers all aspects of travel, cultural understanding, packing strategies, proper clothing, gear recommendations, fishing strategies in detail, and more. Remember to spend some time on our website as well, there is a treasure trove of insights there (www.nomadicwaters.com).

We will walk you through each step of this checklist through our monthly newsletters, but of course feel free to contact Michael if you have specific questions (michaelwilliams@nomadicwaters.com)

International travel has dramatically changed due to the pandemic. Our best advice is to read our monthly newsletters and to keep an eye on our website for updates.
